SIMPLEX ELEVATORS

Lifting the Standard since 1976

Designed for living.

The Straight Stair Lift solution to regain your independence.

Straight staircases shouldn't stop you enjoying your home. The Simplex straight is a simple to use stair lift that can transform your day-to-day life. It leaves as much space as possible on the stairs for other users and the chair folds neatly against the wall so your home can become your home once again. Our innovative design offers unparalleled stability and ride quality.
